

# Hop on the bus and help keep the 'Lights ON!'

Thursday, October 14

3 Bus Schedules to choose from – running between 4 and 7:30 p.m.  
FREE transportation – refreshments – FUN!

Each week, afterschool programming provided by the Stepping Stones and Discovery Junction programs of the 21<sup>st</sup> Century Community Learning Center and other community partners offers more than 1200 students in the Davenport Community Schools a place to go for homework assistance, mentoring, tutoring, and classes and clubs in sports, recreation, mathematics and dozens of other subjects. But tight budgets and reductions in federal as well as state funding are threatening afterschool programming in Davenport and across the nation.

You can help keep the **Lights ON!** by finding out more about these great programs and the important difference they make in the lives of our students, families and schools. Join us for a bus tour of our **Lights ON!** sites and see for yourself what afterschool and out-of-school programming is all about. We have three different bus schedules to choose from OR you can look at the [activity schedule](#) below and make your own tour by car.
